

Western Funding makes paying for your account easy! We offer you several methods of making your payments that reduce your headaches and your expenses. You have three options: Electronic Funds Transfer, where your payments are automatically taken out of your checking account; Payment by Credit Card, where you can elect to have your payments charged to the credit card of your choice electronically; or, you can make your payment with a check or money order. If you choose one of the electronic methods of payment, you simply need to make sure the money is available on the date the debit will occur, as specified by the payment due date on your contract. And, you always have the choice of stopping the electronic payment if you wish. Make your life easier and save time writing checks or obtaining money orders, and save postage as well! Simply check the box of your payment method of choice and fill out the form.
